## PRESS RELEASE

Cologne, June 10, 2020

## **New DEUTZ Power Center in Florida**

- DEUTZ parts and service support for customers in North Florida
- Application engineering and technical sales resources for OEMs that utilize DEUTZ products
- Tailor-made customer solutions

DEUTZ has chosen a location in Jacksonville for its newest DEUTZ Power Center. The DEUTZ Power Center North Florida will have fully stocked parts counters and provide regularly scheduled and emergency service of DEUTZ engines, either at the Power Center location or at the customer's site via traveling service technicians. DEUTZ Power Center North Florida will also provide dedicated application engineering and technical sales resources for OEMs that utilize DEUTZ products. Manufacturers can receive custom, value-added production and assembly services that result in the best possible DEUTZ solutions for their engine specification and configuration needs. Power Center customers can also purchase new DEUTZ engines, as well as DEUTZ Xchange remanufactured engines.

"The new Jacksonville location will complement the West Palm Beach Power Center that we launched earlier this year, helping us continue to provide the top-notch, expert service and parts delivery that DEUTZ customers everywhere deserve and expect," said Dominick A. "Nick" Vermet, general manager for DEUTZ Power Centers.
